

Financial Markets

We offer the following range of services for start-ups, newly authorised and established businesses in the sector:

FSA Applications

We can assist you with applications for regulatory approval under Part IV of the FSMA 2000, dealing with the following areas:

- Explanation of how the FSA Application process works and an early indication of likely key issues
- Preparing financial projections and assistance with preparation of Regulatory Business Plans
- Discussion on Capital requirements
- Tax planning issues regarding proposed structure
- Review of business IT systems
- General Consultancy advice throughout the application
- Acting as Auditors for the FSA application

We adopt a hands-on approach to this crucial stage in a business's development to ensure all key issues are addressed at an early stage.

Newly Authorised Entities

We offer a complete range of services to enable you to concentrate on the key issues of running your business whilst leaving us to deal with the back-office function. We can:

- Set up IT systems for accounting purposes
- Put all tax registrations in place
- Set up all accounting systems
- Explain in simple language the Management Accounts and what they mean
- Explain in simple language the Self Assessment taxation system for new Partnerships
- Maintain the business accounting function
- Prepare monthly/ quarterly management accounts
- Interpret the accounting information to produce any reports required
- Prepare and submit FSA financial returns
- Provide a complete payroll service and advise on remuneration planning and benefit packages

Established Businesses

Audit Services

We offer a cost effective audit and tax compliance service geared to providing a timely and efficient service. All timetables are based on FSA reporting deadlines.

A key emphasis will be the FSA Regulatory Audit including Financial Resource Compliance.

Advisory Services

We provide a very broad range of advisory services ranging from tax planning, FSA regulatory compliance, and financial planning services to general advice aimed at assisting our clients through the various growth phases in their business.

We appreciate the sensitive nature of the information we deal with on Accounting and Payroll matters.

Updating Clients

We ensure our FSA sector specialist Partners, managers and staff are up to date technically in this fast evolving area. We also ensure our clients are aware of key FSA amendments to the handbook that may effect their business.

Our Network of Contacts

Through our varied work in the FSA sector we have contacts with a network of other service providers. We have close working relationships with specialist compliance advisers, solicitors, banks, IT consultants, financial planning and insurance advisers. Should you need any of their services, we would be happy to make appropriate introductions.
